White LED Flash

Model A5WF

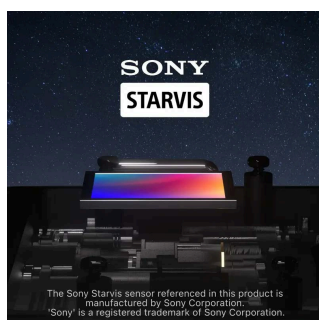

INFORMATION

GardePro A5WF - **White LED Flash (camo)** + built-in viewer

Introducing the GardePro A5WF camera trap with **white LED flash** (*non-WiFi, non-cellular*), a state-of-the-art camera trap designed to capture the beauty of nature in stunning full colour detail. This camera is perfect for wildlife enthusiasts, security monitoring, and anyone who wants to keep an eye on their surroundings.

This camera is equipped with a **Sony STARVIS sensor** that captures clear 48MP day and night full colour images and day and night full colour H.264 1080p video @ 30fps or 1296p video @ 20pf. This high-quality sensor ensures that every image and video you capture is in full colour and crystal clear, revealing the finest details of your subjects.

One of the standout features of this camera is its **white LED flash** technology. This enhances visibility and clarity in colour night photos, revealing finer subject details and true colours in the night-time environment. Combined with a clear 35m night vision range and smart night vision with adaptive illumination per wildlife distance, this camera ensures you never miss a moment, day or night.
