YOUR PATIENT WITNESS

SPARTAN 3G (GC-Eub) CAMERA FIRMWARE UPDATE INSTRUCTIONS

SMS RESPONSE WHEN SENDING VIA Lite (Email)

Please use the following steps to properly load a new firmware onto your camera:

- Make sure your camera is not on low battery.
- Make sure you have a freshly formatted SD card
- Copy **ONLY** the **FWS100.bin** firmware file that is located in this **GC-Eub** folder to the SD card (DO NOT COPY THE WHOLE FOLDER).

How To Update the Firmware:

- Make sure camera is OFF.
- Place the SD Card with just the **FWS100.bin** firmware file on it into the Camera.
- **AT THE SAME TIME** - Press and keep holding down the **Play**  button & switch the camera to **Setup** (keep holding down the Play button).
- The screen should go white and then the new Spartan logo should appear.
- Let go of the **Play**  button.

How to Load Camera Defaults:

- Press the **Menu** button. Under System Menu, select **Default**, Press **OK**, select **Yes**
- Under the System Menu choose Information and verify the Firmware version has changed to **2018/09/13-18:40:40**.
- Since default settings have been applied, go back and select all your options the way you want them.

Kind Regards

Chris Pearson
