

STRIKE FORCE PRO XD

SUB MICRO SERIES WITH DUAL LENS

Browning Trail Cameras: Strike Force Pro XD

The most feature rich camera in the Strike Force series of cameras is the Strike Force Pro XD. Our flagship Strike Force model features "**Dual Camera Lens Technology**" that utilizes a custom tuned daytime camera lens to produce razor sharp daytime images, while the dedicated low light camera lens takes incredibly clear nighttime images. The Strike Force Pro XD also features a lightning fast 0.15 second trigger speed and an 80 ft. motion detection range. Other features include an all-steel adjustable tree mount bracket, Timelapse capability and a high performance video processor that delivers true 1080p Full HD video with sound. The Strike Force Pro XD is also compatible with up to 512 GB SDXC memory cards.
