

Browning Trail Cameras - Dark Ops HD Pro X

The Dark Ops HD Pro X builds on the overwhelming market response to the original Dark Ops Pro with a stunning ability to capture footage of wildlife on your property using a powerful Invisible Infrared flash that is completely undetectable. This camera is perfect for discreetly recording animals that are easily spooked, or unwanted trespassers on your property. Features for this camera include: 1.5" color screen, all-steel adjustable tree mount bracket, 0.22 second trigger speeds and adjustable IR flash power at night. The Dark Ops Pro X also is capable of recording 900p HD+ video with sound and has the ability to work with an industry-defining 512GB SDXC card.
